# Kemplex dough sheeter sfb500

They can work any kind of dough down to very fine thicknesses. They comply with international safety standards. The new SFP line features plastic covers which certainly makes them more modern in their design, but we are sure they will never completely replace the basic line which, because of its strength, will in any case remain our company's key product. The sheeting rollers are plated with hard chrome, ground and polished. Technical features: Three-phase power supply: V. These machines are extremely easy to use and with limited maintenance guarantee a long life. The speed of the conveyors is variable to prevent wrinkling of the dough. The scrapers are designed to be easily removed to make cleaning easier. Kemplex dough sheeters are designed and built to guarantee exceptionally easy and functional use in accordance with all the international safety standards. Equipped with folding tables, in order to reduce its footprint. This amazing machine features a low-voltage electrical system with double operation (manual or pedal). Also equipped with accident preventing tables, linked to the electrical system with a limit switch. Reliable, sturdy, efficient. Conveyor belts have a variable speed, to prevent the dough from creasing or folding. All models meet the highest demands of restaurants, hotels, confectioners and small and medium sized bakeries. The scrapers are easy to remove for cleaning. The guards are of the accident-prevention type and are connected to the electrical system by limit switches. All the bearings are protected to prevent infiltrations of flour. Bearings are completely shielded to keep flour or else out. The electrical system is low voltage with double control (manual and pedal). Our models SF.600, SF.500, SF.B.500 are ideal for installation in restaurants, hotels, confectioners and small and medium bakeries. The tables can be raised so as to reduce the space occupied by the machine at rest and can be removed in the case of model SF.600, 400/50 Hz (Hp1 motor) Cylinders length: Cm 50 Cylinders diameter: Cm 6 Thickness: from 0 to 3.5 cm Conveyor belts dimensions: Cm 50 x 71 / 50 x 95 (depending on the model) Overall dimensions: Cm 180 x 88 x 65 h - 232 x 88 x 65 h (depending on the model) Dimensions with folded tables: Cm 60 x 88 x 65 h - 69 x 88 x 65 h (depending on the model) Net weight: Kg 120 - Kg 126 (depending on the model) Shipping price 54.90 Product code SFB500 Power supply Three-phase 380V/50Hz Power kW 0,55 Dimensions: Selezionare il Modello Desiderato Manufacturer Kemplex Costo Trasporto 54,90€ (Iva Compresa) Kemplex manual dough sheeters have been designed and planned for functional operation and simple use. The machine is mounted on wheels to simplify movement. The basic SF line of KEMPLEX DOUGH SHEETERS are distinguished by their strength thanks to cast aluminum shoulders and covers which unquestionably make them leaders in the market.
